Dear Saint Clair Area School District Families and Community,

I am grateful for the opportunity to lead Saint Clair Area School District as your new Superintendent. Impressed by the proactive nature of our school community environment, I have witnessed a "Students First" education, while improving student achievement. Working as a team with staff and school board members, we will continue the collaboration on curriculum and technology initiatives. I am truly honored to become a part of your community, which I have personally experienced through a warm welcome!

Throughout the interview process, I shared how my transition focus would be on listening to learn from all stakeholders. Individual and group discussions with students, staff, and families have already provided me with a glimpse of the excitement. After School ACHIEVE, the fruit and vegetable program, Child Development, Saint Clair Honor Society, STEM and Math 24 competitors, athletics, Pay It Forward, clubs, Girls Scouts, Career Fair, MakerSpace, PTO Chinese Auction, and more represent why SCASD is our community's hub!

Saint Clair is a unique and special school district where strong relationships are the foundation of the educational system. Our new Facebook page https://www.facebook.com/SaintClairSchoolConnections will assist us with promoting engagement beyond our school walls. We invite you to like our page and share our posts with your friends and family, so our students' accomplishments and events are broadly communicated. We plan to recognize our high school students and graduates to inspire others to learn and grow. Please tag our page @SaintClairSchoolConnections or message us with information you would like us to post.

Please don't hesitate to contact my office if you have any comments, questions, and/or concerns. We all benefit from your support and involvement. The Saint Clair Area School District school board, staff, and I look forward to continuing to partner with you and your children!

Sincerely,

Sarah Yoder

Sarah Yoder, Ed.D.
Superintendent
