

SAINT CLAIR AREA SCHOOL DISTRICT

Learn and Grow as a Community

Hi to all of our Wonderful Kindergarten Kids,

We wanted to let you know that we really miss you, and we hope to see you soon. While you are at home there are lots of things you can do to practice our Kindergarten skills and continue to prepare for 1st grade. The first one is Read, Read, Read! (You can read the story or have someone read it to you.) There are so many wonderful books out there that can take you to such fun and amazing places. After you finish one of these great stories go back and look for our  words, tell your family members what the main idea of the story was, who the characters are and what the setting is. Then pretend you're the teacher and ask your family some questions about the story to see if they were good listeners. .

Another important and fun activity is writing. Use your imagination and create a story of your own. Be the author and illustrator and share your story with your family. Then invite your family members to join you in writing some stories. You might even want to share one of these stories with your class when we return to school.

You can also work on the Reading Workbook packets we sent home and complete the GoMath pages in our Chapter 10 book.

The most important thing we hope you do during your time off is to enjoy this extra time with your family.

We are thinking of all of you, and we are looking forward to seeing you soon!

Take care!

Love,

Mrs. Maccarone, Mrs. Kull and Mrs. Sninsky
