

# The Fleur-de-lis

APRIL 2018

## A NOTE FROM THE NURSE

Spring has finally sprung and we will be able to take advantage of the longer and warmer days outside. Unfortunately, it is also time for seasonal allergies and asthma flare ups. Parents/Guardians, if your child may have any respiratory conditions, please have them prepared with their prescribed treatment plan. Make sure any inhalers are renewed and available if needed. Please call me if you have any concerns or questions.

Mrs. Turnitza
