WINTER SAFETY TIPS.....

Winter months can be challenging when severe storms or cold temperatures hit. Keeping children warm, safe, and healthy is an important task. Here is a tip to ensure your child's safety:

Dress in layers.....Wear hats & gloves

Frostbite happens when the skin becomes frozen. It often occurs to fingers, toes, ears, and nose. If the skin becomes pale, gray, or blistered, immediately come indoors and place affected areas in warm (NOT HOT) water or apply warm washcloths. Do not rub the areas. If pain or numbness continues for more than a few minutes, seek medical attention.
